2. Minutes & Matters Arising

Several classes had their vision and values posters but there is still time to enter so Councillors were asked to remind the remaining classes that the next meeting would be the cut off date for entries. Governors will be invited to choose their favourites and then the Councillors will help to pick the final one. Children will work with Miss Webster to look after our new Willow room. Lovely to see all children had their school council badges on.

3. Willow Wood buddies-working with Miss Grigg

Children and staff have agreed on a buddy system where all children throughout the school will have a buddy. This maybe a team of three if too many children in a year group. Mrs Grigg devised a plan on paper of which years will go together. Councillors to take back to class and fill in with their class teacher and return at next meeting. Ideas were given on what activities to do with their buddy. They will now go back to classes and discuss.

4. Philosophy for Children-Working with Mrs Grigg and Mrs Williams

Apologies time had ran out to cover this topic so it will be on the next agenda and Mrs Williams will be invited.

5. AOB

To remind all councillors to feedback all information to their classes and teachers.
